Project Title: Yayoi Kusama Website

I'd like to build this site as multiple pages, rather than a long, single page website. Typical site navigation probably across the top. I'll use a lot of photographs of Kusama's work on each page and bright colors to differentiate between pages and allude to her work.

- **Home Page/Introduction:** Introduce the uniqueness of Kusama's art and why it's important to learn about her.
- **Early Life and Beginning of her Art Career**
- **Move to America:** I want to highlight Kusama's work with other artists and her lack of appreciation in America.
- **Return to Japan:** Specifically, Kusama's hospitalization and struggle with mental health - how art saved her.
- **Revival**
- **The Meaning of Kusama's Work**
- **Exhibitions**
- **Sources**
